Subject: Local Government Inquiry

Yealmpton Parish Council input.

Your inquiry is inevitably targeted at local government at a higher plane than our small Parish Council.

We are not able to make detailed responses to your questions to stakeholders as they are beyond our day-to-day involvement within Yealmpton.

Your report was discussed at our monthly parish meeting last Monday and I was asked to advise you of Council's view.

"Yealmpton Parish Council would be pleased to accept more responsibilities in the local community but only if adequate resources to carry out these additional duties were allocated from Government at the time."

M J Stickland, Clerk to Yealmpton Parish Council, Devon
